## THE COURT OF PRIVATE LAND CLAIMS

Juan Estevan Garcia de Noriega Grant Rejected—Orders Made and Motions Granted—Adjournment to June 7.

The court of private land claims met this morning at 10 o'clock, all the justices present, the chief justice presiding.

In case No. 158, San Acasio grant in Socorro county, claimed for 18,000 acres, and 194, the Santa Cruz grant in Santa Fe county, claimed for 38,000 acres, the court made an order authorizing Justice Stone to go to El Paso, Juarez, Guadalupe and the City of Mexico for the purpose of taking testimony and examining archives in these two cases and others pending, where necessary.

In case No. 114, the San Jose de Encinal grant in Valencia county, claimed for about 30,000 acres, the motion of the United States to file amended petition, was granted.

In case No. 242, the Las Manueltas grant in San Miguel county, was set down for trial on the first day of the next term, June 7, 1898.

In case No. 105, the Antonio Dominguez grant in Santa Fe county, claimed for about 800 acres, the United States asked that a decree nunc pro tunc be entered up as of date April 24, 1894, which motion was granted.

In case No. 49, Domingo Valdez grant in Santa Fe county, a motion for a rehearing was overruled.

Cases Nos. 117, 124, 171, 190, 199 and 200, were dismissed. These are small grants within the boundaries of the Santa Fe grant.

In case No. 76, the Canada de los Alamos grant, the matter of the approval of the survey was taken under consideration.

The United States makes no objection to the survey.

In case No. 148, the Santiago Ramirez or Monument Rock grant in Santa Fe county, claimed for about 1,700 acres, the decree of confirmation was amended so that the north and south boundaries shall be parallel lines with the course of the Santa Fe creek. The court overruled claimant's motion to include in the decree the patented lands of Miss Amanda Boardman and also ordered that the decree in this case shall apply to case No. 122, Ponce de Leon grant, which is for the same grant.

In case No. 254, Juan Estevan Garcia de Noriega grant, in Santa Fe county, the petition was dismissed and grant rejected. Catron and Gortner, attorneys for claimants, Mr. Pope for the United States. This claim was rejected upon the same grounds, as No. 97, the Barranca grant in Rio Arriba county, in that the grant was revoked by the governor. Both grants were made by the lieutenant-governor in the absence of the governor and upon the governor's return he revoked them for the reason that the lieutenant-governor had no authority to make a grant. Justice Sluss delivered the opinion in this case, all judges concurring.

The court then adjourned until Tuesday.

This company is just installing a complete electric plant for the recovery of gold and other metals by a new process, known as the electrolytic, the invention of W. B. Much interest is manifested in the success of the plan, which will revolutionize old methods.

## THE OMAHA EXPOSITION MEDAL.

Much Interest Being Manifested—Photographs of Ladies to Be Published in Magazines—Contest Will Close February 26th.

The interest in the selection of the ladies to represent the different states and territories in the modeling of the Omaha exposition medal, grows apace all over the west, as the importance of the matter is appreciated. In Montana there were 87 candidates for the honor. A letter was received last night from Hon. E. Rosewater, editor of the Omaha Bee and chairman of the department of promotion of the exposition, urging that the request of Mr. Lindsay, which we published a fortnight ago, for permission to use the photographs, be granted, as various magazines and first-class periodicals are desirous of reproducing them.

Mrs. Solomon Luna has graciously acceded to the request, and it is supposed that her colleague, when selected, will do likewise. Thus far Mrs. Lewis, of Albuquerque, is ahead on the vote, but it is rumored that friends of Miss Belle Hild, Mrs. Renahan, Miss Hurt and perhaps others will make a spirited contest before the time expires. It has been decided to extend the time till 12 o'clock noon of February 26, on which day the New Mexico commission will meet in Santa Fe.

## FREE TO MILLIONS.

A Valuable Little Book Sent Free for the Asking.

Medical books are not always interesting reading, especially to people enjoying good health, but as a matter of fact scarcely one person in ten is perfectly healthy, and even with such, sooner or later sickness must come.

It is also a well established truth that nine-tenths of all diseases originate with a breaking down of the digestion, a weak stomach weakens and impoverishes the system, making it easy for disease to gain a foothold.

Nobody need fear consumption, kidney disease, liver trouble or a weak heart and nervous system as long as the digestion is good and the stomach able to assimilate plenty of wholesome food.

Stomach weakness shows itself in a score of ways and this little book describes the symptoms and causes and points the way to a cure so simple that anyone can understand and apply.

Thousands have some form of stomach trouble and do not know it. They suffer the headaches, the languor, nervousness, insomnia, palpitation, constipation and similar symptoms to some other cause than the true one. Get your digestion on the right track and the heart trouble, lung trouble, liver disease or nervous debility will rapidly disappear.

This little book treats entirely on the cause and removal of indigestion and its accompanying annoyances.

It describes the symptoms of Acid Dyspepsia, Nervous Dyspepsia, Slow Dyspepsia, Amylaceous Dyspepsia, Catarrh of Stomach and all affections of the digestive organs in plain language easily understood and the cause removed.

It gives valuable suggestions as to diet and contains a table giving length of time required to digest various articles of food, something every person with weak digestion should know.

No price is asked, but simply send your name and address plainly written on postal card to the F. A. Stuart Co., Marshall, Mich., requesting a little book on Stomach Diseases and it will be sent promptly by return mail.
